The Wight against Rural Turbines : **9 June 2006**

***The clock is ticking . . .
. . . you have just 6 weeks
to register your objection***

***Write your personal
letter of objection NOW!
Over the page we show you how.***

It's now or never – your letter of objection must arrive before 21st July to be considered.

Multiply your effect ... Every person in your household (teenagers included) that wishes to object should **send in their own individual letter.**

Please also try to get your neighbours, friends or family to write in as well.

Objectors do not have to be Island residents
(and visitors are crucial to the Island economy).

And if you haven't sent a contribution please send one NOW to:
